

DONALD LIBBY

**EMPLOYEE OF
THE YEAR
2020**

It is with great pride that we award Donald Libby as Employee of the Year for 2020.

Don joined Willow Run as a permit trainee in November of 2015 and earned his CDL-A license 4 months later in March of 2016. Since this time, there is no questioning the amount of pride Don takes in being a professional driver at Willow Run. From his tremendous work ethic, to his friendly attitude, Don has been a great advocate for our company.

Don is assigned Route 145, Wendys to New Jersey along with Route 485, Wendys to New Hampshire. Over the past few years, Don has developed a great relationship with those customers who routinely remind us of this through their constant praise of Don's professionalism. Don is also very flexible and will jump on different routes to help the company if needed. To go along with that, Don has volunteered to cover 30 weekend routes since the beginning of the year. This type of work ethic is second to none and is appreciated throughout the entire Transportation Department.

Since the beginning of the year, Don has completed 107 total routes with 81 of them resulting in perfect trucks. Throughout all his work, Don has been on time with his deliveries an impressive 98% of the time. Don was promoted to a driver trainer in December of 2017, and as expected, has excelled in showing trainees the responsibilities of becoming a Professional Driver at Willow Run.

Don is the definition of a dedicated employee who is always respectful and courteous regardless of the challenge at hand. His work ethic and professionalism on and off the road help contribute to the outstanding success of our company. We would like to thank Don for his continuous hard work by honoring him as our Employee of the Year.
